Pet Aid Team

Our Goals

- **Educate the public regarding disaster planning for animals, on both the individual and community levels, and encourage training in pet first aid and CPR.**
- **Organize low-cost pet micro-chipping clinics and promote the use of collars/ID tags, to help ensure reunification of lost pets with their guardians.**
- **Generate funds to subsidize pet-related lodging costs when families are temporarily placed in hotels by the American Red Cross Disaster Action Team (DAT).**
- **Serve as an interface between the American Red Cross DAT and the County Animal Response Team (CART).**
- **Host canine blood drives with the Veterinary Hospital of the University of Pennsylvania, to ensure that blood products are available to those in need.**
- **Sponsor pet food drives to provide aid to homeless animals in shelters or those fostered by rescue groups.**
