

The Positivity of Giving

The outreach programs we coordinated in the fourth quarter of 2021 shined a light on the power of the people in our community. From our first donations of baby essentials, to fully stocked pantries, to the nearly 200 articles of warmth that were donated, you, our library family, stepped up.

Just a sampling of the nearly 200 pieces received!

Using this momentum of positivity, the Library is planning creative opportunities for giving back throughout the upcoming year. Beginning in January, you will notice a barrel for collecting old cell phones in the library (click image for more details). Information about additional programs will be available in subsequent months.

RECYCLING CELL PHONES FOR A SAFER COMMUNITY

This January, the Delanco Public Library is teaming up with Secure the Call, an organization that provides 911 emergency phones to victims of domestic violence and the elderly and now phones for quarantined Covid patients.

the Library

Library Services

With the concerns regarding Covid and its variants, the library will continue to follow the established safety protocols. Everyone entering the library is required to wear a mask for the duration of their visit. Socially distanced lobby pick up and parking lot pick up are available - simply call the library and let us know when and where you would like to pick up your items.

The situation remains fluid and we will make adjustments as necessary. The number of people in the library at one time will be monitored, computers are limited to 30 minute sessions and patrons are asked to limit their time in the library to approximately 45 minutes.

Our Book Discussion Group meets monthly to discuss and share reading recommendations based on what members have read. Check out the list to see what we've been reading!

Register for ZOOM link.

Tuesday, January 18th at 7 pm.
