April 2, 2020

Dear neighbors,

Each of us plays a key part in reducing the impact of COVID-19 in Delanco.

The next few weeks will be critical in our efforts to control the spread of COVID-19 here. Several models estimate the greatest number of people infected and the most strain on our medical system will occur in the next 7 to 14 days.

That's why our continued diligence and sacrifice is especially important right now. In the coming days and weeks it is more likely we will encounter someone who has COVID-19. They could have symptoms or be "asymptomatic carriers" and feel just fine. They are contagious and spreading COVID-19 and they do not know it.

Everything we do or don't do every day makes a difference. Let's continue to do our best to practice social distancing, limit shopping trips and contacts, and wash our hands. We're in this together. Hang in there!

Mike Templeton
Mayor
