

RED CROSS BLOOD DRIVE

Your time is precious. It also could help save someone's life when you make time to give blood. [Will you put a blood donation on your calendar this month?](#)

Every day, the American Red Cross helps patients battling disease, illness and injury. Together, we can help to ensure patients have access to blood. There is no known end date in the fight against coronavirus. During these uncertain times, we ask that you make a donation appointment for the weeks ahead. [We need all the help we can get.](#)
